

January 19th, 1933.

Mr. Mayte Raymond,
Montauk, Long Island.

Dear Mr. Raymond:-

I have just received the catalogue of the Waldo Newcomer Sale, February 12th and 13th, and have looked through it very carefully. I have tried to get, as you know, types of the important South American coins, and have succeeded so well that there is little in this sale, especially under my present circumstances, that I care to bid on.

However, there are a few pieces that I might ask you to bid on for me, and I should be very much obliged if you would give me what you think would be fair prices. The Spanish COLUMBIAN PILON, #145-148, would, of course, make valuable additions to my collection, if they do not go too high. I should also like to know your idea of the value of the PORTO RICAN PROCLAMATION PILON, #551, of the BRUGUIERAN DOLLAR, #505 and the early MEXICAN SILVER FOUR REALES, #675.

Very truly yours,

February 4th, 1935.

Mr. Wayne Raymond,
Montauk, Long Island.

Dear Mr. Raymond:-

I am afraid the possibilities are much too high on the Newcomer items that I wrote you about, and I shall therefore not bid on them, except, perhaps, #675, the EARLY MEXICAN BOOK RACKS.

This is, according to Bonrobert, not quite the earliest Mexican issue, but it is pretty early and I should like to have it if you can get it for not more than \$25.

Very sincerely yours,

53/

Dear Mr. Garrett -

I enclose the Mexican
Coin bought for you. Much to my
surprise I bought the set of four
British Columbia pieces for \$1510
Although every other rarity in the sale
went at a high price. I have a tentative
offer from a London dealer of \$2200 for
the lot but think they should be
worth a little more. Would you care
to give \$2400 for them or \$1800 for the
two gold pieces? Let me know what
you think.

the letter.

Dear Mr. Raymond:-

I have just returned from a visit to Honolulu, where I met a friend who has a ranch where he raises polo ponies. The name of the ranch is "Crow Bar," which he has derived in some way from the coins of ALOHA, with the crow perched on the back of an ass.

He has never heard of Aende, but was very much interested when I told him about these coins. If it is possible to get one in fairly good condition, and not at too high a price, I should like to send him one.

If you know of one for sale, please let me know.

Very truly yours,

Dear Mr. Raymond:-

Your letter of August 23rd
has been held until my return home,
and I have just received it.

Although I do not feel I
can possibly afford to buy the Kohler
bar, I should like to know something
more about it. I bought the \$50
bar from Mr. Newcomer's collection,
and I have it now.

The memorandum that I have
about these bars does not mention one
of the value of \$37.31, and I should
like to know where this one turned
up and what its history is. I
cannot be in New York, but expect to
be here for the rest of the year.

Dear Mr. Barrett

I feel quite ashamed to answer your letter of Sept. 29. Sent at this time. It came while I was abroad and in some way got burned in my basket.

The picture was taken by a friend of an old family in New Haven by the name of Castle. I purchased through a stamp dealer in that city. I fear I have not offered the price to buy one that is as good as the one available if you are interested.

Sincerely,
Wayte Raymond

Dear Mr. Raymond:

I should be much obliged if you would send me two specimens of the Bronze Penny of New Guinea, 1936, described on page 15 of "Coin Topics," No. 6. I inclose a check for \$1.00 in payment. I am not buying many coins at present but I may take it up later on.

I might be interested in L. Anson's "Greek Coin Types" which you have for sale. I wonder if you would mind sending it to me on approval, so that I could look it over.

I read your "Coin Topics" with a great deal of interest.

In regard to the Kohler Bar, I think I should remain content with the one I bought from the Newcomer Sale.

Sincerely yours,

Dear Mr. Raymond:

In reply to the note written by Mr. Stuart Mosher, I have secured the following information concerning Anson's Numismata Graeca. In the Reference Catalog of Current Literature this entry appears;

Volume 3, 1932: George Routledge & Sons Catalog, page 1, Art & Archaeology. Anson, L. Numismata Graeca... in 12 parts; & index.

The two volumes you sent me included only 8 parts of section I. The book according to the quotation above is still in print and can be bought for about 65 shillings.

My dear Mr. Garrett:

I am taking the liberty of answering your letter as Mr. Raymond is out of town. The books have arrived and we are pleased to have given you the opportunity to look them over.

I cannot quite understand part of your letter. Would you mind explaining what you mean by "only two volumes?" We have had two states calls for this book but before we let it go we wish you to understand that it contains the complete work of Anson on the various coin types. It is really all the volumes bound in two books. As it is a work that seldom appears for sale we thought that you might prefer to reconsider our offer.

Very truly yours,

Dear Mr. Garrett:-

This acknowledges with thanks the receipt of your order of October 14. We have sent the books and coins to you today by insured post, and trust that you will find them satisfactory.

We regret that at the present time we are unable to supply Volume II of the Coins of the Roman Republic, in the British Museum. We have this book in the set of two volumes, but as you know, it is difficult to obtain single volumes. However, I shall be pleased to keep this in mind, and when Volume II turns up singly, I shall inform you.

You will notice that with the set of British West Africa, we have enclosed the ONE-TENTH PENNY. These are quite scarce little pieces, and although we did not have enough of them to advertise, we did obtain a few. We thought you might like to have the complete set, and wish that you would accept this piece with our compliments.

Thanking you for your order, and trusting that we may serve you again, we are,
